

Architectural elevation drawing of a building facade. The structure features a central triangular roof element above a horizontal band. Below this is a large rectangular section divided into a 3x3 grid of windows. The entire facade is flanked by light green vertical panels. At the base, there are two vertical dimension lines: one on the left labeled '5,17' and one in the center labeled '4,67'. The building is set against a dark gray ground plane.

Architectural section drawing of a building facade. The drawing shows a cross-section of the building with a ground level line at the bottom. A covered walkway (sottopasso) is indicated by a horizontal line. Vertical dimensions are marked on the left side: 5.20, 4.78, 4.67, and 5.17. The word "sottopasso" is written in the center of the drawing.

[illegible]

Architectural elevation drawing of a building facade. The facade features two large, light red rectangular panels flanking a central vertical opening. The central opening contains a series of vertical blue and white stripes. Above the opening is a dark brown triangular gable. The building is supported by four vertical columns. Dimensions are indicated on the right side: 4.78 and 5.20.

Architectural elevation drawing of a building facade. The facade features a central section with three horizontal bands of windows, each divided into three panes. Above the windows is a dark triangular pediment. The building is flanked by light-colored walls. Dimensions are indicated on the left: 4.67 for the height of the window bands and 5.17 for the height of the central section.
